

OUR COMMITMENT

Uxello teams are committed to ensuring exceptional client support to guarantee efficient and reliable service.

✓ Adaptability and excellence

True experts in fire safety, Uxello designs and installs made-to-measure solutions, adapted to client needs, building on and using the expertise and skills of our individually trained, competent and responsive staff. In each company, audits are conducted every year for APSAD IF1, J5F5 and E1 regularly for certifying bodies.

✓ Safety

Employee safety is always a priority whether out in the field on operation, on worksites, in offices or out on the road. We do our very best to put in place safety measures in order to insure our “zero accident” objective. From the moment we arrive on-site a risk analysis is carried out in order to be aware of the working environment and to set up preventative actions. Putting health and safety at the center of our priorities, we can develop a real culture of risk prevention. This ‘excellence in safety culture unites [Configure cookies](#) stronger.

✓ Proximity

With around 30 companies in mainland France, the French West Indies, Réunion and other overseas departments we are never far away from our clients. All are competent to be involved in new build projects as well as in the servicing, tertiary and industrial environments.

✓ Reliability and Trust

Quality and responsibility are at the center of Uxello’s strategy to develop long-term trusting relationships. The average length of our maintenance contracts is proof of the confidence our clients have in us. More than 20 years!
